RE: Response To 15-Day Public Comment Period for Combined Proposed Building Standards – November 29, 2018

Dear Mia:

As publicly requested and noticed and in response, we respectfully request further consideration of our disapproval and request a full withdrawal of the following;

The proposed addition to Section A4.602 (Residential Occupancies Application Checklist) of a reference to Section 4.305.1 is inappropriate, inasmuch as the validity of this regulation is currently the subject of ongoing litigation (Los Angeles Superior Court Case No. BS171958). The agency should refrain from including references to this requirement in its checklists until the question of its validity has been resolved.

Please feel free to contact me should you have any questions regarding this correspondence.

Sincerely,

Michael A. Quiroz
